

Class Description: Attendees will receive an overview of the Missing Persons Issue, Resources for Law Enforcement at the local, state and national levels, as well as receive hands-on Amber and other Emergency Alerts issuance training. Training will also include information pertaining to persons who are diagnosed with Alzheimer's/Dementia and Autism and how these diseases can cause them to go missing. Training will include factors for law enforcement officers to consider in these cases to help locate these individuals.

Target Audience: Law Enforcement Personnel

Where: Webster Police Department
217 Pennsylvania Ave
Webster, TX 77598

When: Thursday, January 25, 2024
8 AM – 4 PM

Presenter: Steve Benefield, *Emergency Alert Specialist, Texas Center for the Missing*

To register, contact:
Sgt. Clyde Pray, Training Coordinator, at: cpray@websterpd.com.

Learning Objectives: Law enforcement officers will learn how to activate Amber Alerts and Silver Alerts in the Houston-Galveston Region. Two new learning modules feature: Alzheimer's/Dementia and Autism investigations. Attendees will also learn about the four other Texas Alerts: Blue Alert, Camo Alert, CLEAR Alert, and Endangered Missing Persons Alert. Officers will receive information about missing person investigations, as well as resources and tools that are available to law enforcement and the community.

TCOLE-Approved Training

Amber Alert and Silver Alert activation trainings made possible in part by grants from the Dr. Leon Bromberg Charitable Trust Fund; C&S Wholesale Grocers Inc.; Albert and Ethel Herzstein Charitable Foundation; Spindletop Community Impact Partners, Inc.; and the Strake Foundation.
